Father G. P. Amalraj
President
Mrinaljyoti Rehabilitation Centre
2014-2020

Dear Friends,

As I write these few lines at this time of Covid-19 pandemic my heart goes out to the inmates of Mrinaljyoti Rehabilitation Centre (MRC), who are really at the mercy of providence. I begin these few thoughts of my mine questioning the cause and situation which we are led into. It makes anyone deranged and demented as we daily hear the reports on the Covid-19. I am sure that all of you who are in some way or other connected to Mrinaljyoti would feel the same about the safety of the inmates just like me. The lockdown has led us all into fearful situation thinking about the future of our institution and the children along with the staff. Sometimes it leads us to think it to be a myth rather than reality, and some other times it leads us to be scared and anxious to the extent of closing oneself totally down. I also cogitate about the effect of such fearful virus on humanity, and the result is that man trying to survive with such courage facing even at the cost of his very life in order to save the other. Here I salute the Corona warriors who in the hospitals are at the frontline assuring the patients, HOPE through their interventions. We have also witnessed the public servants who stood by tirelessly at the time we most needed their services. Here I would like to acknowledge and appreciate the service of the staff and volunteers even at this time of pandemic who are at the service of Mrinaljyoti.

I like to place on record my gratitude to the well wishers and donors who have supported during the journey of Mrinaljyoti in the past two decades viz., Oil India Limited, NEEPCO, AGCL, Zaloni Ladies Club, Rotary Club - Duliajan, Media Houses, Public Administration and Institutions, individuals, parents of Children with Disabilities, Executive Committee of MRC and the staff who always draw my respect and admiration for their selfless service and valuable contribution in building up MRC from its inception till date. MRC has grown and is able to play a vital role today in rehabilitating the Persons with Disabilities in North East India.

I consider this as a great opportunity to serve the people of the society in a small way. While being with MRC I have observed that MRC has the capability and goodwill to keep in pace with the changing time. Gradually MRC is trying to adopt and implement the guidelines of UNCRPD, SDGs, RPWD Act 2016 and Ministry through its activities in a phased manner which I believe

A Centre for the Empowerment of Persons with Disabilities (PwDs)

proves its accountability, credibility and sustainability. Switching towards technology has given a face lift as well as played a vital role in the process.

I am happy to see MRC steadily becoming more accessible in terms of attitude and physical environment. The barriers which are present in our society create disabilities, but removing such barriers is our prime duty. Here I wish to mention the RAISE-NE project of MRC which has been playing a major role in removing such barriers since 2016. I also wish to share the good news that the renovation of the MRC website is on, which will be made easily accessible to all.

Taking this occasion to pass on my good wishes for the new projects of MRC I also pray for good health of all the Executive Committee Members and particularly the staff without whose dedicated service MRC would not have been taken to what it stands for today. Mrinaljyoti true to its meaning may continue to give hope in the life of others. May the good Lord help you all amidst the COVID-19 pandemic to remain calm but at the service of humanity.

Rivers do not drink their own water; trees do not eat their own fruits; the Sun does not shine on itself and flowers do not spread their fragrance for themselves. Living for others is a rule of nature. We are all born to help each other. No matter how difficult it is.

From the Secretary Desk

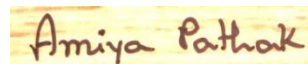

Dear Friends,

I am very happy to inform you that the year 2019 -20 has been another glorious year for Mrinaljyoti Rehabilitation Centre in terms of awareness, rehabilitation, livelihood , participation ,capacity building, distribution of aids and appliances, etc. We have been striving to achieve our vision to enrich the lives of Persons with Disabilities by providing them interventions to mainstream them and bring sustainable development in their lives.

As we are stepping to the 22nd year of existence, the organization has taken a powerful step towards engaging the student of the organization in livelihood initiatives within the organization itself. We know that sustained development depends on both social and economic fronts, our endeavor towards all round development both in the social and economic front of the Children with Disabilities is slowly unfolding its wings through the livelihood programs to engage our trained students. However this small achievement will reach its full bloom, when we will be able to successfully engage the Person with Intellectual and Development Disabilities in these livelihood programs.

One of the main goals of Mrinaljyoti Rehabilitation Centre is to promote an inclusive society where all people enjoy equal rights and have equal opportunity to participate in the daily activities of life, to enhance this dream community based Rehabilitation is the best intervention which the organization has been promoting in a small way. However due to availability of new projects from this year we are able to expand our area of intervention in community rehabilitation. As an organization working in the Disability sector we dream of an Accessible India and hope to work with various Government and non Government organizations to fulfill this dream.

Lastly I would like to thank the executive members of the organization, well-wishers, volunteers and the entire staff of Mrinaljyoti for their support and cooperation. With the pandemic situation approaching Assam the coming days are going to be very difficult and challenging. We have to be prepared and continue our service in every situation for which our staff is always committed.

Condolance

First time Late Gopal Bhaduri, Sanchar, Kolkota was appointed to visit Mrinaljyoti Rehabilitation Centre under the project Community Based Rehabilitation during the month of December, 2019. But sadly we would like to mention that he breaded his last while on his assigned visit to prevalling critical illness. We condoled his death and we pray his soul rest in peace.
